

Parents/Guardians,

## Instrumental Music Programme 2025

Students at St Joseph's College have the opportunity to learn musical instruments through private tutors in 2025.

The aim of the programme is to encourage maximum participation for children at all levels of ability. Students involved in the programme are expected to practise regularly and are encouraged to participate wherever possible in opportunities to perform within the College environment. For example, in ensembles and groups, musical events, assemblies, school productions and solo performances.

The private tutors will be offering the following instrumental tuition in 2025 at the College:

All music students should have an A4 spiral bound notebook for notes and communications as well as an A4 display folder. Music tutors will provide details of any music books or music notebooks that may need to be purchased separately.

Due to changes in the structure of our instrumental program, all communication regarding music tuition will now take place directly between the family/caregiver and the music tutor after enrolment. The College will collect enrolment forms and forward them to the music tutor. We will also create the initial music tuition timetable. After this, the music tutor will coordinate directly with the family/caregiver for tuition fee payments and any adjustments to the original timetable.

If you have participated in music tuition in previous years, please note that tuition fees should no longer be paid via your previous BPAY account. The music tutor will contact you directly to arrange the payment method for tuition fees.

If your son/daughter would like to take part in the programme for 2025, please print and complete an Enrolment Form and return to the College Office by Monday 20 January 2025.

Yours sincerely,

Ms Rachael Keenan  
Principal
